DOUBLE GLAZING

Look at the advantages :

It keeps the sound out
or the noise in
depending on whether
you're a couple or a family

secondary glazing
should generally be adequate
for the newly married

For families with more than
one child under five
triple glazing is recommended
mainly by neighbours

In the case of Marital Breakdown
alternative action may be necessary
such as bricking up.

THE SHOWER

Standing under the shower
(It works)

It was one of my wives two ideas

so I built this thing
in plywood
to save money
but spent seventy quid
on tiles for it
I cursed her for that
at the time

then she got the idea to leave
I cursed her for that
at the time

but things never turn out
like you'd think.

PIE

Well
I nearly made myself sick
cause I'm on my own
Yes

I bought a Fray Bentos
steak and kidney pie
— I think it was meant for two
but that's another problem of mine
Yes
I'd rather be sick
than leave something

How much of this is conditioning ?
Is that why marriages split ?

but you can't keep blaming your parents
cause you make yourself sick

and now the thought of Fray Bentos
the thought of Fray Bentos
is enough.

Health Food shops
by their wives

who smile at them.

AWAKE

Making this double bed
is either :

(a) one of the longest acts of foreplay
ever recorded

or

(b) A complete waste of time

but then I can always dismantle it
or go back to sleep.

1. I have filled my socks with coal
although one foot is burning it keeps me moving

2. I am cheerful but basically crippled

3. I keep my hands in my pockets and
my wife guides me through life with her tongue

4. My arms tell me to spend less than £23.80
on tinned food in Tesco's

5. I am bald and my stomach carries me forward
and backward at the same time

WATCHING THE T.T.

Over there
some Irishmen sit
between a gorse bush
and a pair of legs
in a T-shirt

one
older
sits
shirt sleeves rolled
hands folded
with a hat to keep the sun off

another
bare-backed
sits in white shorts
red as a fucking lobster.
